15	OH	KMS140	Boom
16	OH	KMS140	Boom

Stage plan

Audio, lighting and technical requirements

Mixing consoles: Midas, Crest, Soundcraft. No Behringer or other budget brands.

Digital equipment: Digico, Digidesign, Yamaha, Allen & Heath.

Effects and compressors/limiters: BSS, Klark, Yamaha, TC Electronics.

The microphones listed may of course be upgraded.

In most cases O Fino Da Bossa does not bring its own technician. The show must therefore be supported by at least one technician who is fully familiar with the available equipment.

If the venue requires a separate monitor mix, the venue must also provide a monitor engineer.

A beautiful, smooth lighting design is highly desirable.

Please **in all cases contact** Paul Scheepmaker: +31 6 2886 2843.

Line-up

Name	Instrument
Jonas Linneman	Drums
Han Slinger	Double bass
Jascha Bordon	Cello
Remko de Landmeter	Flute
Agnes Gosling	Lead vocals
Paul Scheepmaker	Guitar / vocals

Monitor groups

1. Vocals
2. Vocals, guitar
3. Double bass
4. Flute
5. Cello

Power supply

At least one 220V / 16 AMP power group is required near the stage.

Setup

The band will be present at the venue at least two hours before showtime to set up. After the performance, one hour is needed to clear all equipment from the stage.

Loading

Loading and unloading must be possible at the venue and stage without obstacles such as stairs, narrow doorways or height differences. If this is not possible, this must be reported in advance and a solution must be found.

Parking

The band travels with 3 to 4 cars. Please provide parking spaces near the venue or within walking distance. If necessary, arrange parking permits and clear access.

Dressing room

One lockable dressing room is required exclusively for O FINO DA BOSSA. This dressing room must be available for the entire time the band is at the venue.

Food & drinks

- Arrival before 20:00: please provide 4 healthy hot meals, including 1 vegetarian meal.
- Arrival after 20:00: please provide 8 small slices of bread with cheese.
- In the dressing room: bottled water, at least 4 soft drinks (for example Diet Coke, regular cola or still water) and healthy nuts.
